Company Business Activities:**COMPANY PROFILE**

Prima is a high-end designer and producer of modular IP access control. Sustainable, elegant and user-friendly products are suitable for airports, industrial, office or apartment buildings. Latest reference: national Airport of Slovenia. We are looking for new dealers and integrators to join satisfied partners in Europe, USA, UAE.

SPECIFICATION OF BUSINESS INTEREST: Access control, access management, mechanical and electronic security, security technology.

Which companies would you like to meet (specify country)?

ARAB REPUBLIC OF EGYPT, JORDAN, KUWAIT, QATAR, SAUDI ARABIA: security technology dealers, access control buyers and security system integrators, bigger electrical installers, architects

To buy:

To sell: We develop access control systems based on what our clients need with high flexibility, innovation and security in mind (certified Grade 4). Prima develops software and hardware solutions suitable for airports, industrial or residential buildings where traditional mechanical lock systems are replaced with intelligent access control systems. We base our solutions on an open platform that is easy to integrate with video, time and attendance, booking, house automation and other customized solutions.
